## DESCRIPTION

Located in the 16th arrondissement, this 95 m<sup>2</sup> duplex occupies the top two floors of a secure 1973 building. Spanning the 6th and 7th floors, the layout is designed to capture natural light throughout the day via dual South-East / North-West exposure and a full air-conditioning system.

The experience begins on the 6th floor, dedicated to entertaining. A 55 m<sup>2</sup> through-living space opens onto a terrace where the Eiffel Tower takes center stage. The semi-open kitchen, complete with a pantry, provides access to a second outdoor terrace.

The upper level houses the sleeping quarters, featuring two bright bedrooms. Each bedroom opens onto a continuous balcony with a clear view of the Parisian landmark. For added convenience, this floor includes two bathrooms and two toilets.

The highlight awaits on the 8th floor: a 30 m<sup>2</sup> private rooftop deck. This open-air lounge serves as a prime vantage point for watching the Eiffel Tower light up across the city skyline.

Sold with a cellar, the property also offers the option to purchase a parking space within the building for €50,000.
