DESCRIPTION

Located in the heart of the historic town of Senlis, this former chapel of the Convent of the Carmelites is a listed monument, a true jewel of architecture dating from the 15th century. After having experienced various assignments over the years, she is now rehabilitating to offer a new life project to her future buyers.

This rehabilitation project includes the creation of six high-end housing units, spread over a total area of 533.15 m². The works have been carefully designed to preserve the original architecture of the chapel, integrating the remarkable elements of the transition between radiant Gothic and flamboyant of the region. The 14th and 16th century capitals, lamp butts and keystones have been preserved and restored.

Each of the six units will offer a unique and refined living environment, with high-end finishes and spacious and bright living spaces. The project also provides for the creation of twelve parking spaces for the comfort of its future occupants.

This convent full of history is a unique opportunity for those looking to combine charm and comfort of life in an exceptional place. Very rare and prestigious in the heart of Senlis.
