DESCRIPTION

Ideally located in the highly sought-after Le Moulleau district, just a short stroll from the beaches and local shops, this charming traditional Gaume-style villa is structurally sound and well maintained, offering a highly desirable lifestyle and remarkable potential for transformation.

Set on a single level and offering approximately 80 sqm of living space, the property features a welcoming living room with fireplace, a separate kitchen, two bedrooms, a bathroom, and an additional outbuilding nestled within the garden.

This property lends itself perfectly to a variety of renovation and expansion projects. Both an extension and the addition of a first floor can be considered, allowing the full potential of this exceptional address to be realised.

A preliminary redevelopment proposal has already been designed, increasing the living area to over 110 sqm. The project includes the creation of a ground-floor master suite through an extension, as well as a first-floor addition incorporating two further bedrooms. Outdoor living spaces would be enhanced by the construction of a spacious terrace and a swimming pool, creating an ideal setting for relaxation and entertaining.

A rare opportunity in the heart of Le Moulleau, perfect for creating a bespoke primary or secondary residence in one of the most desirable locations on the Arcachon Bay.
