DESCRIPTION

Located at the entrance to Perpignan's city centre, near the sought-after Mas Guerido area, this contemporary villa built in 2023 offers a modern, bright, and practical living environment. Entirely on one level, it features a spacious living area combining living room, dining room, and open kitchen, enjoying excellent natural light thanks to its cross-ventilated layout.

The sleeping area is divided into two zones: on one side, a master suite with private shower room and a separate office; on the other, three additional bedrooms and a large bathroom with shower and bathtub, providing comfort and convenience for family living.

The east/south/west-facing garden receives plenty of sunlight and allows for the installation of a generously sized pool. An independent storage space completes this villa with quality finishes, just minutes from the city centre and all amenities.
